

No one argues about having a good time on the memorable Fourth, but the thermometer shows that those who had a hot time paid for it around the one hundred mark

Girl Killed In Automobile Wreck

WHITEHURST NOW SEEKING FEDERAL STEP IN AFFAIRS

Agricultural President Urges Federal Audit of Funds at A. and M. College

ANDREWS NOW OUT

Wilson's Secretary Maintains Andrews Gave Up Job Voluntarily.

(By the Associated Press)
OKLAHOMA CITY, July 5.—John A. Whitehurst, president of the state board of agriculture, announced today that he had requested the United States department of agriculture at Washington to conduct an audit of the federal funds held in the Oklahoma A. and M. College following receipt of information that H. A. Andrews, assistant financial secretary of the college, had been ordered out of his office at Stillwater.

Andrews was assistant to W. B. Hamlin, who recently resigned. Whitehurst said that there was an agreement between members of the board of agriculture named by Governor Walton and himself whereby Andrews was to have remained at the college until the outgoing administration could be thoroughly checked up.

Whitehurst said that approximately \$200,000 of federal funds which are annually appropriated for the college may be lost through failure to account for certain monies in the federal account.

STILLWATER, July 5.—J. D. Stafford, a secretary to George Wilson, president of the A. and M. College, declared today that H. A. Andrews, assistant financial secretary of the college, had resigned his office voluntarily. He denied that Andrews had been ordered out, as charged by John A. Whitehurst, president of the state board of agriculture, in a statement issued at Oklahoma City. Stafford said that Andrews' departure would not endanger federal appropriations for the college. He declared that the audit being made of the accounts of M. J. Otey, former financial secretary, would proceed without Andrews' assistance. President Wilson was not in the city today.

SHELBY CASE TO REVISE BOXING

Disaster for Fight Game Seen if Exorbitant Goal not Abandoned.

(By the Associated Press)
NEW YORK, July 5.—The financial disaster attending the Dempsey-Gibbons championship fight yesterday at Shelby, Mo., probably sounded the death knell of exorbitant purses for such matches, boxing circles here were convinced.

Reaction on the part of the promoters and public toward the high finance methods threatening the popularity of the fight game has been apparent for sometime, and it was said to have reached the climax in the price that the little Montana town paid for its spectacular experience.

On the same day the fiasco at Michigan City when Len Tiedler of Philadelphia, light weight contender, refused to go through with his match with Sailor Freedman of Chicago at the last minute when the promoters failed to provide the full amount of his purse was further proof of the need of reform, it was said.

The cost of the Shelby lesson is estimated in round figures at \$100,000. The mirage of financial success prompted the promoters to guarantee Dempsey a purse of \$310,000, but the receipts probably will not run to half that amount.

"The public has had enough, of big purses and excessive demands of fighters and managers. Shelby should be a lesson and help to establish the game on a normal basis once more."

CHICAGO CITY, July 5.—Floyd Fitzsimmons, promoter of the Lew Tiedler-Sailor Freedman boxing bout which failed to materialize here yesterday, declared today that he would try to rematch the men for an August date and the rain checks issued yesterday would be good then.

BOYS FORFEIT LIVES TO SAVE COMPANION

(By the Associated Press)
Louisville, Ky., July 5.—Heroic efforts of two boys to save their girl companion from the clutches of the strong undertow after their canoe had capsized while they were riding the waves from a river steamer failed and all three were drowned in the Ohio river near the outskirts of the city last night.

The dead are: Miss Audrey Adams, 22; Embury Quinn, 17; and Erwin Juckebrod. All were from Louisville.

The two young men, both reputed to be expert swimmers, disregarded their own safety in an effort to save Miss Adams. They were carried under after struggling several minutes to reach shore. Coast guards failed to locate the bodies.

PLAN FOR GLASS PLANT HELP-UP

Letter From Corporation Head Tells of Necessary Delay in Building Plant.

The large glass factory which was scheduled to begin building here in the immediate future has been delayed, according to information obtained by the Chamber of Commerce this morning, and will not build for several months. That it will build, however, is the reassuring news given in a letter from W. D. Stone, who is to have the factory in charge.

The Chamber of Commerce officials announce they will refund the money which has been donated to purchase the industrial site just as soon as the checks can be made out and mailed. While this site will be needed later, it is not deemed fair to keep the money tied up that long, and the officials therefore decided to refund it at once.

The letter from Mr. Stone follows.

Mr. Ralph Waner,
Ada, Okla.
Dear Sir:

It is with much regret that I am compelled to advise you of my inability to complete arrangements to locate a factory in your city at the present time.

Upon my return after visiting your city I secured the consent of a majority of our present stockholders to build and advised you of our intentions and since that time have been securing building bids and construction costs with full intentions of going ahead.

At our general stockholders meeting held June 30th it was deemed inadvisable due to present unsettled market conditions now existing in the glass trade and the present inflated price of building materials to undertake the erection.

I have the assurance and interest of several of our present stockholders as well as several outside capitalists that if present options and concessions can be extended for a period of six months that sufficient capital will be secured to go ahead with present plans.

Now Mr. Waner I wish to assure you that I have worked and given practically my entire time for the past two months to this contemplated factory and believe that if options and concessions can be extended as requested that we can place a factory in your city that will be the leading industry of your city. I am inclined to believe that you will work with me with this end in view, and until that time, believe me to be,

Yours very truly,
W. M. D. STONE.

P. S. Please forward mail addressed to me care of Athens Glass Co., Morgantown, W. Va.

SCORE KILLED: HUNDRED INJURED ON JULY FOURTH

(By the Associated Press)
CHICAGO, July 5.—A score of deaths and more than 100 injuries resulted from fireworks, explosions and other accidents incident to the nation's observance of Independence Day yesterday, according to reports from various sections of the country, although efforts to prevent the usual casualties were practically universal. Fatalities occurred in all principal cities of the country. Most of those killed were children.

The Order of Rainbow Girls assembly No. 7 will meet this evening at 7:30 at the Masonic hall. Initiation.

RAMONA KNOTT, Secretary

Immigrant Girl Refuses To Wed Fiance Handpicked By Parents

(By Central Press)
NEW YORK, July 5.—Gottlieb Brosch hustled over from Philadelphia the other day. Shoes shined, clothes pressed and a haircut and shave to match.

In fact Gottlieb was all "dolled up" to drop into the parlance of our vulgar brethren. For it was to be the day of days in Gottlieb's hitherto more or less humdrum existence—his wedding day.

Down to Ellis Island he tripped merrily. He was to meet his bride-to-be there, then a hasty trip to some "little church around the corner" and back to conjugal bliss in the city of fraternal love and affection.

But Germany is Germany and girls in America have the reputation of being a trifle more independent than their German sisters.

Perhaps this spirit of independence is contagious. Perhaps the long journey across the Atlantic had something to do with it.

Anyway, Fraulein Louise Hohloch, nineteen and pretty in any man's country, declared that inasmuch as she was the one who was going to do the marrying she really ought to have something to say about picking out her husband.

For, be it known, all the details of the marriage of Gottlieb and Louise had been arranged by Gottlieb through the girl's parents.

Gottlieb went back to Philadelphia. But the echoes of wedding bells were not ringing in his ears. And a wedding ring was reposing in his pocket instead of on the finger of the blushing Louise.

Louise? Oh, friends arranged for her entry into the country and

Miss Louise Hohloch agreed to take care of her until such a time as she found employment or a husband agreeable to her choice.

TWO MEN CHARGED IN FLOYD DEATH

Defendants Turn Decree to Habeas Corpus Action Here Friday.

J. M. O'Neal and J. H. Shrader, held to answer a charge of murder in district court at the action of Justice Joseph Anderson in preliminary hearing here Tuesday afternoon in connection with the slaying of Walter Floyd, city marshal at Roff, will seek habeas corpus action before the resident district judge Friday, according to Justice Anderson.

In passing his decision, Justice Anderson held that the evidence introduced was sufficient to hold the defendants on probable grounds of murder under the indictment filed with the court having jurisdiction for final adjudication of such case.

Justice Anderson declared that the joint indictment made it necessary for the holding of both defendants in the case, he holding that a severance is not in the hands of the lower court.

Fourteen witnesses were examined during the preliminary hearing, the majority of them being subpoenaed for the state. The defense did not produce witnesses in O'Neal's interest but extended their argument for the release of Shrader, who the court finds was accidentally in the company of O'Neal at the time of the shooting.

Justice Anderson stated that the details concerning the actual shooting and the location of the parties involved were vague owing to the varied testimony.

Woman Burned to Death in Wreck of Automobile

(By the Associated Press)
OKLAHOMA CITY, July 5.—Mrs. Viola Jones, 30 years old, of this city, was burned to death when the motor car in which she and her husband were riding turned over late yesterday near Chandler and burned, according to a message received here.

The car was traveling at a fast speed and when crossing a small bridge turned over, pinning Mrs. Jones beneath. Gasoline from the tank saturated the car and it burst into flames.

Jones sustained a broken arm and was so dazed by the accident that he could render his wife no assistance. The body was sent to Okemah, Mrs. Jones' former home.

Eugene O'Neill, famous playwright, spent six years at sea as a common sailor.

CRUDE OIL RETURNS SHOW BIG INCREASE

(By the Associated Press)
NEW YORK, July 5.—Daily average gross crude oil production in the United States increased 74,900 barrels for the week ending June 30, totaling 2,210,350 barrels as compared with 2,135,450 for the preceding week, according to the weekly summary of the American Petroleum Institute.

Daily average production east of the Rocky mountains was 1,380,350 barrels as compared with 1,350,450, an increase of 28,900.

Oklahoma daily average gross production was 596,550, a decrease of 6,700; Kansas 84,700 an increase of 150; North Texas 77,700 an increase of 2,450; Central Texas, 145,450 an increase of 4,700; North Louisiana 64,100 a decrease of 1,350; Arkansas 153,850 an increase of 23,300.

CHURCH ELDER IS ASSAULT VICTIM

Elder in Erwin's Church is Attacked by Assailant to Secure Pamphlet.

(By the Associated Press)
LAWTON, Okla., July 5.—V. C. Lewis, an elder in the church of which Rev. Thomas J. Irwin was pastor here was found unconscious in the minister's yard early today. He had a number of wounds on the head and when revived he declared that he was assaulted by a strange man in Rev. Irwin's home where he was awaiting the minister and demanded all the copies in the minister's home of "Low Twelve," a pamphlet written by Rev. Irwin and constituting an attack on the methods of his removal from the pastorate because he performed a marriage ceremony in a bathing pool with the participants clad in bathing suits.

Lewis said he refused the stranger's request with the result that he was struck over the head and thrown through a window.

Rev. Irwin returning from a neighboring town where he had delivered an Independence Day address found Lewis soon after the attack.

No arrests have been made.

Rev. Irwin was recently reinstated in the ministry by the Presbyterian general assembly at Indianapolis.

Read all the ads all the time.

GUARDS SET OUT FOR ENCAMPMENT

Two Companies Entrain Here for Regular Summer Camp at Fort Sill.

Accompanied by a number of national guardsmen from Roff who arrived here by way of the Frisco ninety officers and men of that organization left Ada on the Santa Fe this morning at 7 o'clock for Fort Sill, Okla., where they will spend several weeks in training in their duties.

For the period they spend in camp they will be under strict military discipline, preparing for service to which they may be called at any time, in defense of the state or country.

The contingent from here consisted of Captain Adair with forty-three men and Captain Kerr with forty-five guardsmen. There were several cars of troopers from Roff who came here on the Frisco and who went on to Fort Sill with the Ada men.

The guardsmen took with them practically their entire equipment, consisting of a number of field guns, tents, caissons, and horses. The artillerymen will spend their training largely in practice firing.

Accompanying the battery men were the members of the 160th Field Artillery band. A large number of Ada Boys are in the band.

The encampment at Fort Sill is an annual affair and gives the members of the state guard a glimpse of actual conditions to be expected in time of hostilities. The guardsmen are trained in their respective lines so as to be prepared in time of trouble.

Special Detachment of Troops May End Nova Scotia Strike

(By the Associated Press)
SIDNEY, Nova Scotia, July 5.—With special trains bringing detachments from at least two posts in the west and reinforcements for the provincial foot and mounted police being recruited as rapidly as possible, the strike at Cape Breton today was declared approaching a crisis.

Gen. Thacker, commanding District No. 6, is in Sidney today on a tour of inspection. Whether he will take over personal command of the troops in the field has not been announced, but it is known that the soldiers occupied strategic points in the Glace Bay district this afternoon. Glace Bay the coal mining and industrial headquarters of the United Mine Workers of District No. 26.

FOUR BURN TO DEATH IN PITTSBURGH BLAZE

(By the Associated Press)
Pittsburgh, Pa., July 5.—Four persons were burned to death early today when fire swept through the Schmidt hotel at McKeesport, near here. The bodies of two men and a woman have not been identified. Six guests were injured, two of them seriously. Most of the ones trapped in the building were rescued by police. Others leaped into life nets.

The property loss was estimated at \$40,000.

Several hours after the fire had been extinguished the owners of the hotel and survivors were questioned by Coroner W. J. McGregor who expressed the belief that the bodies of a woman and three children were still in the ruins. Firemen were ordered to make an exhaustive search.

ADA PEOPLE OUT FOR FOURTH FUN

Many Pleasure Haunts Take Claim From Citizens During Day.

The celebration of the Fourth for this year offered entertainment of every variety for those who wished to spend the holiday in pleasure.

Many Ada people motored to Sulphur for the day and spent the holiday in swimming and dancing there. Others remained in the city and partook of the entertainments here.

The city park on West Main was the scene of a picnic which was largely attended throughout the day. The grounds were occupied by all the usual accompaniments of a picnic, so that nothing was lacking to the holiday makers.

The crowds who gathered there were addressed at 11 o'clock by Tom D. McKeown, congressman from this district. The swimming pool proved a popular means of entertainment for the entire day and offered a means of escaping for a time the heat of the July day.

In the afternoon the sporting element of the city gathered at the city ball park to see the Ada amateur team cross bats with their old rivals, the team from Wilson, and rejoiced when a ninth inning rally brought the local team to victory from behind.

Following the ball game the pugilistic spirit of the fans found satisfaction in the drubbing administered by Archie Cooper to the visitor, Young Clabby of St. Joseph, Missouri.

Slowly the echoes of the fire crackers set off by the young celebrators of the national holiday died away, motorists returned to the city, and quiet at last reigned while the citizens rested in preparation for the round of work to begin the morning after.

PRESIDENT PREPARES TO START ON FINAL LAP

On Board President Harding's Special Train, July 5.—President Harding approached the end of his trans-continental trip today and tonight will set out definitely towards his principal goal, the territory of Alaska. The president plans to spend about five hours in Tacoma before sailing on the naval transport Henderson from that port.

The program mapped out for the chief executive and his party in Tacoma provides for a public reception at a hotel and a visit to the United States veterans' hospital. An hour before the time set for sailing he and Mrs. Harding will receive wishes for a bon voyage from Gov. Hart of Washington, the ceremonies to be held at the stadium. One of the last acts of the president before sailing will be to greet the school children of Tacoma massed for the occasion at the stadium.

The Henderson was scheduled to leave at 2:00 o'clock (4:00 o'clock standard Central time) and the first stop is expected at Techkan where the transport is due to arrive Sunday. The president has let it be known to members of his immediate party that the voyage will be devoted as far as possible to rest and the enjoyment of life on the sea, giving him a diversion from the strenuous two weeks trip from Washington.

DEATH HAS PART IN JULY FOURTH SCHEDULE HERE

Ruby Lamb Crushed to Death Under Wrecked Car on Gravel Road.

FOUR IN PARTY

Party Enroute to Ada From Okemah to Spend July Fourth Here.

Death rode, an uninvited guest, in the automobile that swerved from the gravel road five miles northeast of the city at 12:30 Wednesday morning and Ruby Lamb, 19, of Okemah paid the penalty of his decree, and plans for attending the July Fourth celebrations here cut short.

Her brother, Alvin, Ed Elmsom and E. R. Witham were spared the wrath of the grim reaper and escaped with only slight bruises.

According to distorted reports, furnished by members of the party, something went amiss with the front wheels of the car causing it to swerve from the road and plunge to destruction. Alvin, the brother, stated that the car was not exceeding a speed rate of 20 miles per hour but explained in the incidents that brought about the death of his sister that the car flopped over three times, the first revolution throwing his sister out of the car, the second crushing her beneath the weight of the car and the third leaving the car standing upright and across the road.

When the wreck was reached by Manuel Saunders, a passerby, the body of the girl had been placed on one of the cushions of the car with the girls head apparently crushed. Saunders who took the body to the hospital stated that she was apparently dead when he placed her body in the back seat of the car. She was reported dead when doctors examined her at a hospital.

An official examination showed that the skull and lower part of the jaw had been crushed completely. Practically no other bruises were found on the body.

Others Not Hurt

The three male members of the party were uninjured and except for a few bruises escaped without a crash. Members of the party stated that the girl was riding in the front seat with Witham and was the only one thrown out of the car. The girl's brother and Elmsom were said to have been riding in the rear seat of the car.

An inspection of the scene of the wreck revealed that the car had swerved from the road, one wheel hanging on the edge of the ditch for a distance of about thirty feet before the car apparently took the first leap.

The party had left Okemah in the afternoon with the intention of spending the fourth in Ada, the deceased having accepted the invitation of her friends Misses Vera Wallace and Mary Elfin Van Meter to spend the holiday.

The body was prepared for burial at the Criswell-Myers parlors and held there until the father, Charles Lamb took the body to Okemah Wednesday afternoon for burial.

LEADERS MAY ADOPT NEW PARTY MEASURE

(By the Associated Press)
CHICAGO, July 5.—The organization committee representing various groups of labor, farmers, industrialists and others attending the Farm-Labor party convention, decided today to recommend to the convention that the party adopt the name of "Federated Farm-Labor party," according to C. E. Ruthenberg of Cleveland, a member of the committee. The majority groups also had approved the platform policies decided on but his final form to be recommended to the convention had not been worked out.

Jay Brown, secretary of the Farm-Labor party, when told of the announcement by Ruthenberg said he did not think it looked promising. The name proposed for the new organization was originally suggested by Joseph Manley, representing the structural iron workers of New York.

In early spring on the Pacific large schools of mackerel come to the coast.

Ada Amateurs Come From Behind And Win Second Game of Series Here; Wilson Claims First Game

Ada Amateurs evened up the count by taking the last of a two game series with the Wilson aggregation here the Fourth after the visitors had traveled rough-shod down the diamond for the long end of the first game of the series Tuesday.

Erratic fielding on the part of the Wilson diamond men and a burst of speed in the ninth inning counted for the Ada victory after the score turned to the Wilson camp for the long end of the series.

Both games brought the peak of interest of the baseball year here, the Wilson club furnishing their share of the fight during both games. Much favorable comment has been extended for the sportsmanship shown by the Wilson players.

The final game of the series, which was played before approximately 1200 people and the record attendance of the year, was one of the best seen on the Ada diamond, fans have generally maintained.

Hard Fought Battle

The first five innings of the game, until the last of the fifth when the Ada team took up stick-work, remained scoreless with only a small degree of hitting to offset the erratic fielding.

In the last half of the fifth the Ada team started off the batting rally with Milam safe on an error and advanced on Williams' sacrifice. Kirkpatrick took first when hit by a pitched ball and both men advancing on Young's single. Milam scored the first run of the game on Lee's blunder to second and Rutledge capped off the fireworks of the inning by pounding out a single scoring Kirkpatrick and Young.

The Wilson team did not wait long for action but came back in the sixth inning with a two-run recoup. Sowders doubled and scored on R. H. Blackburn's double. Blackburn later being caught at home on Witt's single. Dobbins scored from third on Cheate's fly to left field.

The Wilson team came back strong in the eighth when Sowders again doubled and was scored on R. H. Blackburn's single and Blackburn later scoring on Cheate's sacrifice.

With two runs necessary for the long end of the game, Ada swatmen began the fireworks of the day when Kaiser took first on an error after one man had passed out and was followed by West, who batted for Williams, walked and took a double steal. Kaiser scored on Kirkpatrick's single and West scored on Young's single.

Sowders Strong Wilson Star

Sowders, Wilson second baseman proved the big b.b. on the Wilson club. Sowders was carried from the field after an ankle injury in the fifth inning but returned to the game and rapped out two clean doubles to the fence, which counted for two of the four runs of the game.

Young and Kirkpatrick were placed on the honor role for the home club for their timely hitting, which turned an almost certain defeat into one of the most brilliant baseball handicaps seen on the Ada diamond.

Lefty Williams, while wild at times, allowed ten hits which were kept sufficiently scattered to prevent a race-track rally. Williams had eight strikeouts to his credit. L. O. Blackburn, Wilson moundsman allowed seven hits and claimed only five strikeouts. Wilson players had five errors marked against their hits while Ada counted but one.

First Game Walkaway

The first of the two-game series proved an easy victory for the visitors. Wilcoxson, Ada twirler, being unable to hold the slugging oil field crew within his reach, while Henry held steady for the first seven innings of the game and allowed few to reach third base.

Second Game, First Inning

Wilson—Goddard struck out. Sowders singled. R. H. Blackburn flied out to Fain. Dobbins struck out. One hit, no runs, no errors.

Ada—Kirkpatrick was out, second to first. Young grounded out, short to first. Lee was safe on an error at first. Rutledge Grounded out, second to first. No hits, no runs, one error.

Second Inning

Wilson—Witt grounded out, short to first. Cheate walked. Willingham singled but Cheate is caught out at second. Lukehart flied out to Rutledge. One hit, no runs, no errors.

Ada—Fain grounded out, second to first. Wanner flied out to right field in a sensational catch. Kaiser grounded out, third to first. No hits, no runs, no errors.

Third Inning

Wilson—L. O. Blackburn lined out to Fain. Goddard flied out to center field. Sowders flied out to center field. Sowders flied out to center field. Fain grounded out, second to first. No hits, no runs, no errors.

Ada—Milam singled. Williams was safe on first on an error at second. Kirkpatrick struck out, second. Young flied out to second. Lee struck out. One hit, no runs, one error.

Fourth Inning

R. H. Blackburn grounded out to first. Dobbins struck out. Witt error.

struck out. No hits, no runs, no errors.

Ada—Rutledge singled. Fain was safe on an error at short. Rutledge going to second. Wanner flied out to pitcher. Fain caught out at first. Kaiser flied out to left field. One hit, no runs, one error.

Fifth Inning

Wilson—Cheate grounded out, short to first. Willingham singled. Lukehart walked. L. O. Blackburn struck out. One hit, no runs, no errors.

Ada—Milam safe on an error at third. Williams sacrificed Milam to third. Williams going out at first. Kirkpatrick hit by pitched ball. Young singled advancing runners. Lee hit to second scoring Milam. All safe. Rutledge singled scoring Kirkpatrick and Young. Fain lined out to centerfield and Lee is caught out at second. Two hits, three runs, one error.

Sixth Inning

Wilson—Sowders doubled. R. H. Blackburn doubled, scoring Sowders. Dobbins walked. Witt singled. Blackburn caught out at home, advancing Dobbins to third. Cheate flied out to right field. Dobbins scoring on the throw. Willingham grounded out, pitcher to first. Three hits, two runs, no errors.

Ada—Wanner flied out to Cheate. Kaiser flied out to left field. Milam struck out. No hits, no runs, no errors.

Seventh Inning

Ada—Williams flied out to third. Kirkpatrick flied out to left field. Young flied out to centerfield. No hits, no runs, no errors.

Eighth Inning

Wilson—Sowders doubled. R. H. Blackburn singled, scoring Sowders. Dobbins grounded out, third to first. Witt singled. Blackburn to third. Cheate sacrificed out, scoring Blackburn. Willingham walked. Witt to third on an error at catcher. Lukehart walked. L. O. Blackburn grounded out, second to first. Three hits, two runs, one error.

Ada—Lee struck out. Rutledge grounded out, second to first. Fain out, short to first. No hits, no runs, no errors.

Ninth Inning

Wilson—Goddard struck out. Sowders grounded out, second to first. R. H. Blackburn singled and stole second. Dobbins flied out to left field. One hit, no runs, no errors.

Ada—Wanner grounded out, short to first. Kaiser safe on error at short and stole second. Milam struck out. West for Williams walked. Kaiser and West double steal. Kaiser at third, West at second. Kirkpatrick singled scoring Kaiser. West to third. Young singled scoring West. Two hits, two runs, one error.

LACK OF FAMILY PRAYER SHOWING

Boston Pastor Tells Endeavor Convention Cause of Divorce Menace.

DES MOINES, July 5.—The family altar, worshipped by families daily in homes, will prevent divorce, according to Rev. Stanley B. Vandersall of Boston, who spoke today before the International Christian Endeavor Convention here. "An analysis of the homes that have been wrecked would no doubt show that family prayer was lacking in those homes," said Rev. Vandersall. "The seeds of divorce can find no fertile soil in the homes where father, mother and children each day repair in unity of spirit for divine blessing," added Dr. Vandersall. "Divorce courts are a necessary part of our governmental machinery, but if the family altars are established in all the homes in America the divorce courts will be driven out of business. It is true that some benefit would follow the enactment of laws making it more difficult to get divorces, but this will not cure the divorce evil. What is needed is something to promote love and goodwill. Family prayer will do that very thing."

Co-operation between public school officials and religious groups to promote systematic religious education of children, was urged by Dr. Hugh S. Magill, of Chicago at today's session. Dr. Magill pointed to the youthfulness of criminals and evidence that a large proportion of children are not taught biblical truths and standards.

"A plan is being worked out in a number of cities," said Dr. Magill, "by which both the state and the churches can co-operate in giving school children both the general and the religious education needed which is fair and equitable alike to Jew and Gentile, Protestant and Catholic. The purpose is two fold: To train the youth of our country for a life of service and good citizenship and to bring them into the churches."

"The separation of the church and state is a fundamental principle of our government but this does not mean that the state can get along without the church nor the church without the state."

"What more patriotic service can be rendered than to train up the youth of America in an intelligent understanding of the Bible."

DETERMINING CAB FARES A HAZARDOUS JOB

BERLIN—Taxicab fares in Berlin are now seven thousand times the number of marks registered on the taximeters.

Taxicab drivers all carry printed tables showing the totals the multiple produces with various possible registrations on the indicator. Every time the multiple is changed there is endless confusion, and many disputes ensue which the police are often called upon to settle.

Clerks in shops are provided with similar tables. In every trade an agreement is arranged as to the multiple which will be used in computing the price of articles in depreciated paper marks, as against the gold-mark price.

FARMER'S WIFE FINDS
ASTONISHING RELIEF

"For ten long years I had suffered with my stomach. I tried everything without relief, but after one dose of May's Wonderful Remedy I knew I had obtained what I had been looking for and I took the full course of treatment. It is going on 4 years now and I have never had any pains or bloating since." It removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at Gwin & Mays and druggists everywhere.

Balloon Entered
in National Race
Forced to Ground

(By the Associated Press)

INDIANAPOLIS, July 5.—R. F. Davidson and P. A. Eriach of Springfield, Ill., pilot and aid respectively of "The City of Springfield," an entrant in the national balloon race, which started from here yesterday, were injured slightly this morning when forced to jump from their craft eight miles northeast of Bryan, O. The balloon escaped.

Davidson telegraphed the Associated Press that he could not rip the panel out of the balloon to make a safe landing and that both he and his aid determined to jump as the basket touched the ground. He added that when the gigantic gas bag got away from them it carried with it their supplies, including clothing, instruments and food.

GARGIS-ROBINS
Mr. Hubert Gargis, son of Mr. and Mrs. R. J. Gargis, Ada, Okla., and Miss Rachel Robins, daughter of Mr. and Mrs. P. K. Robins of Stigler, Okla., were united in marriage Thursday afternoon, June 28, at two o'clock at the home of the bride's grandparents Mr. and Mrs. J. F. Norman of Stigler.

It was a quiet wedding only the bride's family and grandparents being present.

Mr. and Mrs. Gargis arrived Monday morning from Atoka where they visited with Mr. and Mrs. Joel Nail and relatives.

They will be at their new home 321 W 13th after the fifteenth of July.

CRAWFORD-ROGERS

The following announcement appeared in today's issue of the Fort Worth Star-Telegram:

SHERMAN, July 4.—County Judge Tal Crawford of Pontotoc County, Oklahoma, and Miss Jessie Rogers, deputy county clerk of the same county, were married here last evening.

Rev. Jap Manton, pastor of the Central Presbyterian Church, performed the ceremony. Following the ceremony they left for a bridal trip to Dallas and Fort Worth.

Mrs. Crawford is one of the best known ladies in Pontotoc county. She has grown from early girlhood to attractive womanhood in Ada and her pleasing personality has won friends by the score. For several years she has held a responsible position in county offices and by her efficient service and uniform courtesy has made an excellent record.

Judge Crawford located here a few years ago after completing his course in the university and in a short time was nominated and elected to the office of county judge. The voters recognized his ability by giving him a second term which he is now serving. He was a member of the first class to graduate from East Central and is also a veteran of the World war.

The News joins the other friends of the couple in wishing them a long and happy married life.

DEATH OF GIRL ADDS
TO EXPLOSION FATALITIES

FREDERICK, Md., July 5.—The death of Gladys Jessman, 7 years old, last night increased to four the fatalities resulting from the explosion of gasoline at Urbana, Maryland, last Tuesday when Anderson Miller endeavored to replenish the tank of his automobile from an emergency tank. Miller, his wife and their five-year-old daughter died from burns. The party came from Watertown, New York.

SMITH ASSIGNED HERE
FOR RODDIE MURDER CASE

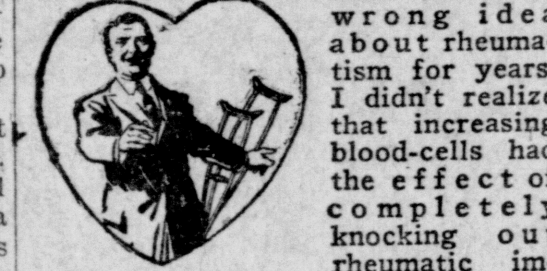

Assignment papers were filed in district court here today, naming Judge C. C. Smith of Guthrie to the bench in the trial of Reuben M. Roddie for murder here next Monday.

A jury panel will be selected before the end of the week in preparation of all details of the case.

HUDDENFIELD, Eng., July 5.—Six persons were killed, including two railway guards, and seven were injured in a train wreck today at Diggle near here. The Leeds-Manchester express drawn by two engines, collided while running full speed with an engine outside a tunnel, piling up the train in a mass of wreckage.

"My
Rheumatism
is gone —"

"THERE are thousands of you men and women, just like I once was—slaves to rheumatism, muscle pains, joint pains, and horrible stiffness. I had the wrong idea about rheumatism for years. I didn't realize that increasing blood-cells had the effect of completely knocking out rheumatic impurities from the system. That is why I began using S.S.S. Today I have the strength I used to have years ago! I don't use my crutches any more." S.S.S. makes people talk about themselves the way it builds up their strength. Start S.S.S. today for that rheumatism. You'll feel the difference shortly.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

S.S.S. The World's Best Blood Medicine

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere. adv.

In hibernating animals the power of generating heat with their bodies is very slight.

St. Joseph Planter
Gives More Strong
Evidence

Joseph M. Harper, St. Joseph, La., owner of "China Grove Plantation," while visiting his sister in Vicksburg, Miss., recently gave out the following statement regarding his experience with the Tanlac treatment.

"Tanlac keeps me in shape to where I can enjoy life. At one time my satisfaction in life was just about wiped out by stomach trouble. For quite a while I couldn't digest my food properly, and then I went down with an attack of acute indigestion that left me in a very run down and weakened condition, with no appetite at all and suffering all the time.

"However, Tanlac put me back on my feet in fine shape, and ever since that I've kept some of it on hand all the time. It keeps me eating well, free of any digestive troubles and able to look after my work. Tanlac will always be my 'stand-by.'"

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

BIBLE THOUGHT FOR TODAY

GOD'S PROMISES KEPT—There hath not failed one word of all his good promises.—1 Kings 8:56.

MISTRESS OF THE SEAS

The mistress of the seas, the Leviathan, having made a greater speed test than any before recorded by any merchant ship, is as she now stands the product not only of an American shipyard but of a Southern shipyard. Upon the rebuilding of this ship, including the installation of oil-burning engines, the Newport News Shipyard spent largely over \$8,000,000. This yard has given the nation what in effect is a new ship, an exponent of the shipbuilding abilities of this country. It is appropriate that after her trial trip she should start on a maiden voyage, carrying the world's flag for speed, on July 4th. She will be an exponent of American power, American construction, and American determination to build up a merchant marine which will place this country in the first rank of the world.

We do not wish Great Britain any harm. On the contrary, we wish her every possible success in the expansion of her commerce and of her merchant fleet. But the United States has now entered the field of shipping under its own flag, and all the powers on earth combined cannot make us turn our hand from the task to which we have dedicated ourselves.

The American flag will fly over the best ships on earth, and in every port of the Seven Seas of the world. The rebuilt Leviathan with its wonderful speed record is only suggestive of how the nation will be quickened into an appreciation of the need of a merchant marine, and will be willing to spend whatever money may be necessary in order that its flag may float over its own ships and carry its own commerce to and from all parts of the world.

All hail to this flag!

All hail to the coming power of the American Merchant Marine, backed by the united sentiment of a hundred million people who realize that commerce ever has, and ever will follow the flag—Manufacturers Record.

If Governor Walton really said that there had been 2,500 whippings in Oklahoma during the past year, it is evident that he is more completely under the control of the radical socialists of the Luther Langston type than had been supposed and is taking at face value everything they say. The outside world, not being aware of the real state of affairs is ready to believe the word of the governor without asking the source of his information. Oklahoma people know better but such statements will do a great deal of damage to the state. The people of other states have always looked on Oklahoma as beyond the pale of civilization and Walton's purported statement confirms their belief, if he made it. We really doubt his making the statement and would like to see a denial.

We thought we had run across about all there was in the way of nery propagandists, but we struck a new one the other day. A gent sent us a printed copy of an effusion accompanied by a threat that any paper which did not publish it would be given nation wide publicity. He did not explain just how he would go about this publicity, but the News did not publish his contribution. Now for the publicity.

The Manufacturers Record says that industrial and construction activities throughout the South are progressing on an unprecedented scale and gives a list of big enterprises that are under way. The South is endowed by nature with a most bountiful supply of natural resources, a fine soil and favorable climate and at last bids fair to come into her own.

If we could properly label those men seeking office as office seekers, politicians, statesmen for revenue only and other better understood terms, this old country would rock along better. Some psychologist might invent a machine to separate these individuals and thus win the gratitude of a suffering world.

Ada has more pep than she has had in many a day, some observant visitor remarked today. We agree with him, but would like to call his attention to what he will see sixty or ninety days from date. The old town is off for a lively pace.

The fellow who is always complaining that his efforts are not appreciated generally is right. They are not appreciated for the reason that they do not amount to much. Real service is generally appreciated.

With the Dempsey-Gibbons fight out of the way perhaps some of the aspirants to the presidency may have a chance for a hearing.

One man says the lateness of the cotton crop in this section will be instrumental in getting rid of the boll weevil. Here's hoping he is everlastingly right.

Harding insists that the League of Nations issue is dead. If it is he is wasting a lot of time talking about a corpse.

ON THE ALASKAN TRAIL WITH HARDING

The "Farthest North White House"

GOV. SCOTT C. BONE AND GUBERNATORIAL MANSION AT JUNEAU CAPITAL OF ALASKA—"FARTHEST NORTH WHITE HOUSE" WHERE PRESIDENT HARDING WILL MAKE HIS HEADQUARTERS DURING HIS ALASKAN TRIP

American Women Growing Wary Of Exploits Begin Made By Penniless Baron

BERLIN—International matchmakers, the men and women who used to do a thriving business marrying off titles and high social position to wealthy plebeians, have been hard hit by the war and the resultant financial distress. Marriage among humbler folks all over Europe has increased under the distress, but not so with the leaders of fashion.

June, the month of weddings, has not produced the large number of society weddings which always characterized the month in pre-war days. This is especially noticeable in central Europe. Fashionable churches, hotels, cafes, dressmaking shops, jewelry-shops and flower-shops do not show the old-time June activity.

Foreign tourists are not visiting central Europe in large numbers, and the residents of central Europe are not traveling abroad. The romances which used to begin on ocean trips are fewer and fewer. American and English women with comfortable fortunes are not wandering about as they did in old times. Travel is not so inviting as it used to be, and families from the lands of good exchange apparently have little desire to expose their daughters to the sort of tragedies which have grown out of many international marriages recently. Titles which carry with them bankrupt estates are apparently at a great discount. The uncertainty of titles to baronial possessions makes ambitious mothers hesitate. They have seen too many penniless princes counts and barons rattling about Paris and other European capitals, trying to market their family tree.

But the professional matchmakers have not given up hope and are still active Vienna has a number of such matrimonial agents

who are hard at work and with the revival of Vienna which has come about as the result of foreign assistance, their opportunities are improving. Vienna's old gaiety is coming back. Its fashions attract foreign women, and music-lovers flock to its opera. Tourists who visit Italy also go to Austria in large numbers.

In Berlin commercial matchmakers are having a harder time. The decline in travel and upset political conditions work against them to a greater degree than in any of the other European capitals, and the failure of war hatreds to pass away makes it difficult to do anything with principals who were enemies in the great struggle.

One professional marriage agent, a titled woman who was once a great success in her profession, is

Over half the accidents in the United States last year were caused by automobiles. For \$5.00 a year you can protect your self against any kind of an accident caused by an automobile. Pays \$1,000 for accidental death, \$100 a month indemnity, \$60.00 hospital fees and many other benefits.

OIL PROMOTERS ENTER
PLEAS OF GUILTY

(By the Associated Press)

FORT WORTH, July 5.—C. M.
Hatfield, Charles D. Stan, Benjamin
Carl Hatcher and Edwin H.
Smith connected with the oil pro-
motion firms indicated after the
federal government's wholesale
drive last April, entered pleas of
guilty to charges of using the
mails to defraud in federal court
here today. Sentence will be passed
later.

Bank of England Raises Rate.
(By the Associated Press)

LONDON, July 5.—The Bank of
England today raised its rate to
four per cent from the three per
cent level that had prevailed for
the past year.

NOTICE TO PAVING CONTRACTORS

(Published June 27, 28, 29, July 1,
2, 3, 5, 6, 8, 9.)

NOTICE is hereby given that, in
pursuance to Paving Resolution No.
13—3, passed by the Board of
Commissioners of the City of Ada,
Oklahoma, on the 26th day of
June, 1923, sealed bids will be
received at the office of the City
Clerk until 10 a. m. on the 10th
day of July, 1923 for the furnishing
of the materials and the perfor-
mance of the work necessary for the
paving and otherwise improv-
ing, in the manner and subject to
the conditions hereinafter set out,
of portions of the Avenue in the
following Street Improvement Dis-
trict in the City of Ada, heretofore
established by resolution:

STREET IMPROVEMENT

DISTRICT NO. 13

THE EAST HALF OF SOUTH
FRANCIS AVENUE FROM THE
SOUTH LINE OF EAST MAIN
STREET TO THE CENTER LINE
OF TWELFTH STREET AND
THENCE SOUTH FRANCIS AVENUE
TO THE CENTER LINE OF THE
ALLEY BETWEEN FOUR-
TEENTH AND FIFTEENTH
STREETS; AND NORTH FRANCIS
AVENUE FROM THE NORTH
LINE OF EAST MAIN STREET TO
THE SOUTH LINE OF TENTH
STREET TOGETHER WITH ALL
STREET INTERSECTIONS AND
ALLEY CROSSINGS ON THE
ABOVE DESCRIBED AVENUE IN
THE CITY OF ADA, PONTOTOC
COUNTY, OKLAHOMA.

The cost of such improvement on
said Avenue, including street in-
tersections and alley crossings,
shall be borne and paid by the
owners of property benefited by
such improvements upon the said
portions of said Avenue, hereby or-
dered to be improved. The entire
cost of said improvements on said
portions of said Avenue shall be ap-
portioned to and levied and as-
sessed against the abutting prop-
erty liable to assessment therefor,
and the owners thereof, in accord-
ance with the provisions of the
State laws of Oklahoma governing
the same.

The plans and specifications for
the improvement of the said Ave-
nue, and portions thereof, which
have been prepared by the City
Engineer, have been adopted by the
Board of Commissioners, and in-
clude and set forth in detail all
the different materials and plans
and methods of construction here-
inafter set out. The plans, plans,
specifications and estimates are on
file in the office of the City Clerk.

Bids shall be submitted upon
proposal sheets to be furnished by
the City Engineer; and two bids
will be required from each bidder,
same to be distinguished from each
other in this manner: one bid will
cover proposal to do the work
chargeable to the property of the
State of Oklahoma, which charge
will be paid for in cash by the
State, following the adoption of the
assessing ordinance on the part of
the City Commissioners; the other

bid will cover all specified work to
be done in the Improvement Dis-
trict not chargeable to the State of
Oklahoma, and not to be paid for
in cash, but for which the contrac-
tor shall receive at their par value.
Street Improvement Bonds, issued
as provided by law, against abutting
property.

The two bids so required from
each bidder will be accompanied by
a certified check on some solvent
bank in Oklahoma, or by a Bidder's
Bond in an amount equal to five
(5) per cent of the total cost of
all the work, based upon the Con-
tractor's bids. The Board of Com-
missioners reserve the right to re-
ject any and all bids.

Each bidder shall accompany his
bids with a sworn statement in
writing, that the bidder has not
directly or indirectly entered into
any agreement with others, having
for its object, the control of price
or the limiting of the number of
bidders. No bidders shall divulge
sealed bids to any person, except
those having partnership or finan-
cial interests with him, until after
bids are opened, all as provided in
Section 1, Art. IX of the Charter
of the City of Ada, Oklahoma.

Bids received as aforesaid will be
opened and considered by the Board
of Commissioners at a meeting to
be held at the City Hall at 10:00
a. m., on the 10th day of July, 1923.
All bids are required to be placed
on file in the office of the City
Clerk for inspection for forty-eight
hours after opening, before award
of contract, or rejection of bids can
be made.

The contract will be awarded to
the bidder submitting the most ad-
vantageous bids, two bids being re-
quired, as hereinbefore stated, to
cover work that will be paid for in
cash on the one hand and in
bonds, on the other hand.

Passed and approved this 26th
day of June, 1923.
CITY OF ADA, OKLAHOMA,
By W. H. Fisher, Mayor and Com-
missioner of Public Justice and
Safety.

(SEAL) Attest: J. C. Deaver, City
Clerk, and Commissioner of Ac-
counting and Finance.

MUSKOGEE.—The Muskogee
post of the American Legion will
give a free trip to the Legion's
convention in San Francisco to the
girl of this city or surrounding
territory who sells the most amuse-
ment coupon books for the legion
carnival to be staged at a resort
near here June 28-30, as a benefit
for the soldiers' memorial hospital
here.

Popular Players in Curwood Story.

Three of the most popular play-
ers of the screen portray the lead-
ing roles in the film version of
James Oliver Curwood's vital story,
"The God of His People." The pic-
ture has been titled "Man From
Hell's River," and will be present-
ed at the McSwain theatre for two
days. They are Irving Cummings,
who will be remembered for his
sterling work throughout many sea-
sons of screen production. Wallace
Beery, one of the best character ac-
tors appearing in celluloid drama,
and Eva Novak, the charming sister
of Jane Novak, and an actress whose
adaptability enables her to portray
ingenue role or those calling for
emotional expression.

For the most part the action of
the story is laid in a trading post
far up in the frozen wastes of the
North. It is here that the hero,
an officer in the uniform of the
Mounted Police rushes in from a
man hunt to discover his sweet-
heart the bride of another. He does
not know that she has married to
save her father from arrest. His
spirit is broken but eager to ascer-
tain the cause of her strange sacri-
fice he visits the priest of the
mission. And he learns that the
girl's husband is a fugitive from
justice. It is then that the story
resolves itself into a man hunt. The
suspense is keen as you follow the
pursuit of the renegade. "Man
From Hell's River" is from the pen
of James Oliver Curwood and is
considered one of his finest achieve-
ments. Being thoroughly familiar
with the locale of the country he
has written a story marked for its
authentic touches as well as its
correct atmosphere and incident.
Under the direction of Irving Cum-
mings who is featured, perform-
ances of conspicuous merit are given
by Frank Whitson and Robert
Klein. Rin Tin Tin the faithful wolf
dog contributes no small share in
making the picture successful enter-
tainment.

Famous Bible Goes to Italy.

(By the Associated Press)

LONDON—The famous Bible of
the Borso d'Este, valued at \$250,-
000 and belonging at one time to
the late Emperor Karl of Austria,
has been purchased by a rich Milan
manufacturer, who outbid an Amer-
ican banker for it.

The Bible is illuminated by art-
ists of the 15th century and is re-
garded by antiquarians as the finest
specimen of its kind in exist-
ence. During his stay in Switz-
erland Karl, being short of money,
sold the rare book to a London
antiquary, who in turn disposed of
it to its present owner in Italy.

TWO SUCCESSFUL REVIVAL SERVICES

"Danger of Devine Abandonment", is Subject Text for Last Evening.

The revival meeting in progress under the big tent on East Main street had a splendid service and good crowds at both of the last services. On Tuesday night there were five professions and four additions to the church and on last night there were six professions and six additions. Mr. McCravy led the children in singing a number of splendid choruses last night and also led the congregation in singing a number of the good hymns. He gave one of his great solos at the close of the music hour and just before the sermon that was greatly enjoyed by all.

The pastor preached last evening on the subject, "The Danger of Divine Abandonment." He showed that the most dangerous thing in the world for an immortal soul was to hear the gospel and constantly reject it. Mr. Moody used to say that the same sun that strikes upon the clay hardens it, and that strikes upon ice melts it. Steel is made by heating and cooling iron and that hearts can be made harder by heating and cooling under the influence of the gospel of Jesus Christ.

He said there were several reasons why it was difficult to get unsaved people in these days to accept Christ: first, preoccupation. People are giving their attention to the lesser important things to the neglect of the supremely important things. Men are like a sheep that wanders away. The sheep does not intentionally wander away but gets his head down eating grass and gradually wanders along until he is lost from the flock out in the mountains. A man gets his head down to making money or chasing some other phantom and wanders away. Indifference is another trouble. Not necessarily against a religious life nor for it but simply indifferent.

A large crowd was present considering the fact that it was the fourth of July and most of the people had been off having a holiday and were tired out. The service will begin tonight at 8 o'clock. The children will meet Mr. McCravy at 7:45. The public is cordially invited to come.

GIBBONS HERO IN DEFEAT BY CHAMP

Plucky St. Paul Fighter Takes all of Dempsey's Blows Without K. O.

By Hugh S. Fullerton
SHELBY, Mont., July 4.—Jack Dempsey retained the world's championship today after one of the greatest heavyweight battles in history while feathered Indians, killed Scots, cowboys and the sports of America cheered his defeated foe.

For 15 rounds Tom Gibbons, the St. Paul battler took everything that could be handed him and although he was groggy, hanging on and trying desperately to last through the finish, he was the hero of Shelby's great day.

Won in Last Round.
The fight, which was preceded by so much scandal and failure was from the fighting standpoint great enough to justify everything.

The 20,000 maddened fans who sat through glaring heat and stewed in the intense heat of a blazing afternoon witnessed a struggle worthy of greater things and Shelby's day, after all proved a tremendous success.

The pro-Gibbons crowd going wild when at frequent intervals the St. Paul boxer carried the fight to the champion and rocked him with repeated lefts. Had Gibbons possessed the punching power of Dempsey tonight would have seen the crowning of a new champion. For it was not until the final round when Dempsey's murderous body blows finally sapped the strength of "Tunderchief" did he pile up any great advantage.

Gibbons Better in Three.
The fifth, the eleventh and possibly the thirteenth rounds belonged to Gibbons. The second and fourth were so even no man could decide and in every other round Dempsey was the winner.

In spite of the fact that he drove his terrific right and left to Gibbons' body with murderous force, the St. Paul boy was not hurt and Dempsey found he was facing, not a great fighter, but one of the most magnificent boxers in the ring. Gibbons' elbow shed a thousand drives that were meant to destroy

MAIN STREET

—BY—
V. L. E.

The report that a girl walked three miles after a wild joy ride might be interpreted as an example of how much they really care for jazz motorcars.

The growing disregard for galloping may help out the reported shortage of rubber.

The road sign: "Drive slow, you may meet a fool," should be translated: "Drive slow, two fools may meet."

An old resident maintains that if the Lord can see all the faults of the younger generation, he must be fearful of his future crop of angels.

The little girl who watched her mother overhaul her furs for the winter, inquired what the moths feasted on in the days of Adam and Eve.

The wife should be elated for there is one job worse. Being central and having to answer telephones all day.

The announcement that the railroads are sorely in need of funds, can be generally interpreted that the world needs cash.

A wife can love a husband and still be secretly amused at the way the public honors him.

Clothes don't make the man; they did, many fond papas would buy clothing stores for their sons.

"Every man should stand on his own feet" said the man after attending the crowded dance.

The Mosquito Bill.
He presented his bill, And I could not evade it, In the valley, on the hill He presented that bill, With stinging ill-will. So with blood, sir, I paid it. He presented his bill, I could not evade it.

him, and the darting speed of his head enabled him to avoid the knockout blows.

Dempsey Missed a Lot.
Dempsey never before missed as many hard drives. Eight times he drove the left with intent to kill and each time he missed. Seven times during that desperate fifteen round struggle he hurled that killing right at Gibbons' jaw and missed, some times by a foot.

TWICE PROVEN

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Ada evidence—doubly proven.

Mrs. Robert Ellis, 210 W. 8th St., gave the following statement on February 28th, 1917: "I began to have a great deal of trouble with my back. Across the small of my back there was a heavy aching that nearly laid me up. This continued with no let-up until I used Doan's Kidney Pills which I bought at Gwin & Mays' Drug Store. Doan's gave me relief at once and I now keep them on hand to use should I need them."

On May 2, 1921, Mrs. Ellis added: "I haven't had to use Doan's Kidney Pills for a long time. I still remember the benefit I received from them. They are surely a reliable kidney medicine and I gladly confirm my former statement."

60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y. adv.

We haven't heard of a single soul that seemed to sympathize with Dempsey because of the fact that he had to take pot-luk on a part of the last \$100,000 and get what he could out of the gate.

OUR DAILY REMINDER

Cooper Left Jabs Way To Easy Victory Over Clabby of St. Joseph

Archie Cooper, middleweight champion of the state and an Ada product, carried from the ring another notch on his pugilistic paddle when he knocked out Young Clabby in the seventh round of a scheduled ten-round match here yesterday in the new ball park as a closing feature of the Independence Day program.

Archie was easily the winner after the first round, when severe face and body blows had a telling effect on the St. Joseph fighter.

Cooper won his fight with his tell-tale, left jab, which was approximately the total of his fighting exhibition. The Ada champion left jabbed at will and brought about a detrimental effect to his opponent. Cooper found Clabby's nose in the first round and left jabbed it consistently throughout the fight. Cooper's jabs to the body also took a heavy toll on the St. Joseph fighter's endurance.

The knockout came in the seventh round when the challenger sagged to the mat as an effect of a heavy rain of body and face blows sent in by Cooper. Clabby took the count and was carried to his corner.

Cooper came out of the fracas with barely a scratch while the St. Joseph fighter bore heavy traces of the punishment inflicted by the Ada champion.

Claims Majority Rounds.
Cooper counted for all but two of the rounds of the fight and for a mitting the release of them for a draw. Clabby did not stand out as the aggressor in any of the rounds but apparently sought the defense. Clabby's blows were not effective in any instance being short arm jabs and wide swings that carried no bodily weight. Cooper's jabs came straight from the shoulder and carried the full weight of his body behind them.

A unique angle to the Independence Day fight event was the fact that the principals in the right card are proteges of the Dixon brothers, fight promoters of many year's experience. A. R. Dixon of Ada, is accredited with finding Cooper and bringing him from a husky scrapper to a well-rounded champion. O. D. Dixon, Clabby's manager is a promoter of wide repute and claims Clabby as one of his best bets.

The Norman Howard post, American Legion, sponsors of the fight, report the exhibition yesterday. In the preliminaries, Young Masterson proved too strong for Young Mitchell and the fight was handed to Masterson in the first thirty seconds of their scheduled four-round match. The kid fight between Young Morgan and Young Johnson was a draw.

Charlie Johnson passed decision on the bouts.

WILSON'S

ADA, OKLA
WILSON-LAIN-CHILCUTT

FOR OKLAHOMA and OKLAHOMANS

Did you ever think of the fact that the service we render to you is the most democratic in the world? Maybe you have not, but surely, you will agree that the electric light shines with the same brilliancy in the poorest cottages that it does in the largest mansion and the cost per hour is exactly the same in both.

And you know, too, that thru-out our entire organization the same courteous, efficient and prompt treatment is accorded every customer alike.

Do you know that the growth of the O. G. & E. Company has gone hand in hand with the growth and development of our home state of Oklahoma? Do you know that back in 1904, when Oklahoma was just beginning to come into her own, our company was only operating a small plant, supplying the electric needs of Oklahoma City and

that we have developed and grown in order to give opportunity to our state to enjoy the benefits of the service we render and thereby assist us to further growth?

Have you ever considered the fact that we give steady employment to more than one thousand men and women of our state and that nearly four thousands Oklahomans, many of them people of small means who have saved their wages are stockholders in our company.

Every dollar we have brought to our company—and more than ten million such dollars will be expended by us in Oklahoma this year in new construction—every plant and line we have built and every policy we have shaped, has been prompted by a sincere desire to serve you honestly, economically and efficiently.

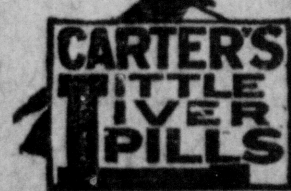

Oklahoma Gas & Electric Co.
